5 August 1964

MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Agenda of Financial Policy and Budget Committee
Meeting, 24 August 1964

I would suggest for the next meeting of the Financial Policy and Budget Committee which is scheduled for 24 August that the agenda include a briefing of the Committee by Office of Logistics, on contract procurement. The briefing includes an analysis of monies expended, trends and problems in the program, and the growth of this program. I think it would be helpful for the Committee to be aware of the factors cited by Logistics in this program.
